

THE STATE SCHOOL AID ACT OF 1979 (EXCERPT)
Act 94 of 1979

ARTICLE 3

388.1631 Repealed. 1993, Act 336, Eff. Oct. 1, 1994.

Compiler's note: The repealed section pertained to comprehensive compensatory education programs.

388.1631a Funding to eligible districts and public school academies; additional allowance; early intervening program; number of pupils meeting criteria for free breakfast, lunch, or milk; "at-risk pupil" defined.

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2007-2008 an amount not to exceed \$319,350,000.00 for payments to eligible districts and eligible public school academies under this section. Subject to subsection (14), the amount of the additional allowance under this section, other than funding under subsection (6) or (7), shall be based on the number of actual pupils in membership in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i, and reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year. However, for a public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year, the basis for the additional allowance under this section shall be the number of actual pupils in membership in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the current state fiscal year, as determined under the Richard B. Russell national school lunch act.

(2) To be eligible to receive funding under this section, other than funding under subsection (6) or (7), a district or public school academy that has not been previously determined to be eligible shall apply to the department, in a form and manner prescribed by the department, and a district or public school academy must meet all of the following:

(a) The sum of the district's or public school academy's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), is less than or equal to the basic foundation allowance under section 20 for the current state fiscal year.

(b) The district or public school academy agrees to use the funding only for purposes allowed under this section and to comply with the program and accountability requirements under this section.

(3) Except as otherwise provided in this subsection, an eligible district or eligible public school academy shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year, an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil amount calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed the basic foundation allowance under section 20 for the current state fiscal year, or of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year. A public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year shall receive under this section for each membership pupil in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the current fiscal year and adjusted not later than December 31 of the current fiscal year, an amount per pupil equal to 11.5% of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year.

(4) Except as otherwise provided in this section, a district or public school academy receiving funding under this section shall use that money only to provide instructional programs and direct noninstructional services, including, but not limited to, medical or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (5), (6), or (7). In addition, a district that is organized as a school district of the first class under the revised school code or a district or public school academy in which at least 50% of the pupils in membership met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), may use not more than 15% of the funds it receives under this section for school security. A district or public school

academy shall not use any of that money for administrative costs or to supplant another program or other funds, except for funds allocated to the district or public school academy under this section in the immediately preceding year and already being used by the district or public school academy for at-risk pupils. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year and may include, but are not limited to, tutorial services, early childhood programs to serve children age 0 to 5, and reading programs as described in former section 32f as in effect for 2001-2002. A tutorial method may be conducted with paraprofessionals working under the supervision of a certificated teacher. The ratio of pupils to paraprofessionals shall be between 10:1 and 15:1. Only 1 certificated teacher is required to supervise instruction using a tutorial method. As used in this subsection, "to supplant another program" means to take the place of a previously existing instructional program or direct noninstructional services funded from a funding source other than funding under this section.

(5) Except as otherwise provided in subsection (12), a district or public school academy that receives funds under this section and that operates a school breakfast program under section 1272a of the revised school code, MCL 380.1272a, shall use from the funds received under this section an amount, not to exceed \$10.00 per pupil for whom the district or public school academy receives funds under this section, necessary to operate the school breakfast program.

(6) From the funds allocated under subsection (1), there is allocated for 2007-2008 an amount not to exceed \$3,743,000.00 to support child and adolescent health centers. These grants shall be awarded for 5 consecutive years beginning with 2003-2004 in a form and manner approved jointly by the department and the department of community health. Each grant recipient shall remain in compliance with the terms of the grant award or shall forfeit the grant award for the duration of the 5-year period after the noncompliance. Beginning in 2004-2005, to continue to receive funding for a child and adolescent health center under this section a grant recipient shall ensure that the child and adolescent health center has an advisory committee and that at least one-third of the members of the advisory committee are parents or legal guardians of school-aged children. A child and adolescent health center program shall recognize the role of a child's parents or legal guardian in the physical and emotional well-being of the child. Funding under this subsection shall be used to support child and adolescent health center services provided to children up to age 21. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (14) for that fiscal year.

(7) From the funds allocated under subsection (1), there is allocated for 2007-2008 an amount not to exceed \$5,150,000.00 for the state portion of the hearing and vision screenings as described in section 9301 of the public health code, 1978 PA 368, MCL 333.9301. A local public health department shall pay at least 50% of the total cost of the screenings. The frequency of the screenings shall be as required under R 325.13091 to R 325.13096 and R 325.3271 to R 325.3276 of the Michigan administrative code. Funds shall be awarded in a form and manner approved jointly by the department and the department of community health. Notwithstanding section 17b, payments to eligible entities under this subsection shall be paid on a schedule determined by the department.

(8) Each district or public school academy receiving funds under this section shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district or public school academy of funds under this section, which report shall include at least a brief description of each program conducted by the district or public school academy using funds under this section, the amount of funds under this section allocated to each of those programs, the number of at-risk pupils eligible for free or reduced price school lunch who were served by each of those programs, and the total number of at-risk pupils served by each of those programs. If a district or public school academy does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy complies with this subsection. If the district or public school academy does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(9) In order to receive funds under this section, a district or public school academy shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy shall reimburse the state for all disallowances found in the audit.

(10) Subject to subsections (5), (6), (7), (12), and (13), any district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) exceeds the district's aggregate percentage of those pupils. Subject to subsections (5), (6), (7), (12), and (13), if a district obtains a

waiver from the department, the district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) is at least 60% of the district's aggregate percentage of those pupils and at least 30% of the total number of pupils enrolled in the school building. To obtain a waiver, a district must apply to the department and demonstrate to the satisfaction of the department that the class size reductions would be in the best interests of the district's at-risk pupils.

(11) A district or public school academy may use funds received under this section for adult high school completion, general educational development (G.E.D.) test preparation, adult English as a second language, or adult basic education programs described in section 107.

(12) For an individual school or schools operated by a district or public school academy receiving funds under this section that have been determined by the department to meet the adequate yearly progress standards of the federal no child left behind act of 2001, Public Law 107-110, in both mathematics and English language arts at all applicable grade levels for all applicable subgroups, the district or public school academy may submit to the department an application for flexibility in using the funds received under this section that are attributable to the pupils in the school or schools. The application shall identify the affected school or schools and the affected funds and shall contain a plan for using the funds for specific purposes identified by the district that are designed to benefit at-risk pupils in the school, but that may be different from the purposes otherwise allowable under this section. The department shall approve the application if the department determines that the purposes identified in the plan are reasonably designed to benefit at-risk pupils in the school. If the department does not act to approve or disapprove an application within 30 days after it is submitted to the department, the application is considered to be approved. If an application for flexibility in using the funds is approved, the district may use the funds identified in the application for any purpose identified in the plan.

(13) A district or public school academy that receives funds under this section may use funds it receives under this section to implement and operate an early intervening program for pupils in grades K to 3 that meets either or both of the following:

(a) Monitors individual pupil learning and provides specific support or learning strategies to pupils as early as possible in order to reduce the need for special education placement. The program shall include literacy and numeracy supports, sensory motor skill development, behavior supports, instructional consultation for teachers, and the development of a parent/school learning plan. Specific support or learning strategies may include support in or out of the general classroom in areas including reading, writing, math, visual memory, motor skill development, behavior, or language development. These would be provided based on an understanding of the individual child's learning needs.

(b) Provides early intervening strategies using school-wide systems of academic and behavioral supports and is scientifically research-based. The strategies to be provided shall include at least pupil performance indicators based upon response to intervention, instructional consultation for teachers, and ongoing progress monitoring. A school-wide system of academic and behavioral support should be based on a support team available to the classroom teachers. The members of this team could include the principal, special education staff, reading teachers, and other appropriate personnel who would be available to systematically study the needs of the individual child and work with the teacher to match instruction to the needs of the individual child.

(14) If necessary, and before any proration required under section 11, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (1).

(15) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts was not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section.

(16) A district or public school academy that does not meet the eligibility requirement under subsection (2)(a) is eligible for funding under this section if at least 1/4 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), and at least 4,500 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as

described in subsection (1). A district or public school academy that is eligible for funding under this section because the district meets the requirements of this subsection shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as determined and reported as described in subsection (1), an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil allocation under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed the basic foundation allowance under section 20 for the current state fiscal year.

(17) As used in this section, "at-risk pupil" means a pupil for whom the district has documentation that the pupil meets at least 2 of the following criteria: is a victim of child abuse or neglect; is below grade level in English language and communication skills or mathematics; is a pregnant teenager or teenage parent; is eligible for a federal free or reduced-price lunch subsidy; has atypical behavior or attendance patterns; or has a family history of school failure, incarceration, or substance abuse. For pupils for whom the results of at least the applicable Michigan education assessment program (MEAP) test have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve at least a score of level 2 on the most recent MEAP English language arts, mathematics, or science test for which results for the pupil have been received. For pupils for whom the results of the Michigan merit examination have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve proficiency on the reading component of the most recent Michigan merit examination for which results for the pupil have been received, did not achieve proficiency on the mathematics component of the most recent Michigan merit examination for which results for the pupil have been received, or did not achieve basic competency on the science component of the most recent Michigan merit examination for which results for the pupil have been received. For pupils in grades K-3, at-risk pupil also includes a pupil who is at risk of not meeting the district's core academic curricular objectives in English language arts or mathematics.

Compiler's note: The repealed section pertained to pupils whose parent or parents are incarcerated.

388.1631d Reimbursement to districts providing school lunch programs.

Sec. 31d. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$22,495,100.00 for 2007-2008 for the purpose of making payments to districts and other eligible entities under this section.

(2) The amounts allocated from state sources under this section shall be used to pay the amount necessary to reimburse districts for 6.0127% of the necessary costs of the state mandated portion of the school lunch programs provided by those districts. The amount due to each district under this section shall be computed by the department using the methods of calculation adopted by the Michigan supreme court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

(3) The payments made under this section include all state payments made to districts so that each district receives at least 6.0127% of the necessary costs of operating the state mandated portion of the school lunch program in a fiscal year.

(4) The payments made under this section to districts and other eligible entities that are not required under section 1272a of the revised school code, MCL 380.1272a, to provide a school lunch program shall be in an amount not to exceed \$10.00 per eligible pupil plus 5 cents for each free lunch and 2 cents for each reduced price lunch provided, as determined by the department.

(5) From the federal funds appropriated in section 11, there is allocated for 2007-2008 all available federal funding, estimated at \$330,000,000.00, for the national school lunch program and all available federal funding, estimated at \$2,506,000.00, for the emergency food assistance program.

(6) Notwithstanding section 17b, payments to eligible entities other than districts under this section shall be paid on a schedule determined by the department.

Compiler's note: The repealed section pertained to reimbursement for cost of providing breakfast.

388.1631f Breakfast program costs; reimbursement payments.

Sec. 31f. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$9,625,000.00 for 2007-2008 for the purpose of making payments to districts to reimburse for the cost of providing breakfast.

(2) The funds allocated under this section for school breakfast programs shall be made available to all eligible applicant districts that meet all of the following criteria:

(a) The district participates in the federal school breakfast program and meets all standards as prescribed by 7 CFR parts 220 and 245.

(b) Each breakfast eligible for payment meets the federal standards described in subdivision (a).

(3) The payment for a district under this section is at a per meal rate equal to the lesser of the district's actual cost or 100% of the cost of a breakfast served by an efficiently operated breakfast program as determined by the department, less federal reimbursement, participant payments, and other state reimbursement. Determination of efficient cost by the department shall be determined by using a statistical sampling of statewide and regional cost as reported in a manner approved by the department for the preceding school year.

388.1632b Early childhood investment corporation; grants.

Sec. 32b. (1) From the funds appropriated under section 11, there is allocated an amount not to exceed \$1,750,000.00 for 2007-2008 for competitive grants to intermediate districts for the creation and continuance of great start communities or other community purposes as identified by the early childhood investment corporation. These dollars may not be expended until both of the following conditions have been met:

(a) The early childhood investment corporation has identified matching dollars of at least an equal amount.

(b) The membership of the executive committee includes 1 member appointed by the senate majority

leader, 1 member appointed by the senate minority leader, 1 member appointed by the speaker of the house of representatives, and 1 member appointed by the minority leader of the house of representatives. Not later than 60 days after the convening of each legislative session in each odd numbered year, each legislative leader shall appoint a member of the executive committee. A member appointed in this manner shall continue to serve on the executive committee through the next regular legislative session unless he or she voluntarily resigns or is otherwise unable to serve. When a vacancy occurs as a result of a voluntary resignation or inability to serve, the legislative leader who had appointed the member shall make an appointment to fill that vacancy not later than 60 days after the date the vacancy occurs.

(2) The early childhood investment corporation shall award grants to eligible intermediate districts in an amount to be determined by the corporation.

(3) In order to receive funding, each intermediate district applicant shall agree to convene local great start collaboratives to address the availability of the 6 components of a great start system in its communities: physical health, social-emotional health, family supports, basic needs, economic stability and safety, and parenting education and early education and care, to ensure that every child in the community is ready for kindergarten. Specifically, each grant will fund the following:

(a) A community needs assessment and strategic plan for the development of a comprehensive system of early childhood services and supports, accessible to all children from birth to kindergarten and their families.

(b) Identification of local resources and services for children with disabilities, developmental delays, or special needs and their families.

(c) Coordination and expansion of high-quality early childhood and childcare programs.

(d) Evaluation of local programs.

(4) Not later than December 1, 2007 for the 2006-2007 fiscal year grants under this section, and not later than December 1, 2008 for the 2007-2008 grants under this section, the department shall provide to the house and senate appropriations subcommittees on state school aid, the state budget director, and the house and senate fiscal agencies a report detailing the amounts of grants awarded under this section, the grant recipients, the activities funded by each grant under this section, and an analysis of each grant recipient's success in addressing the development of a comprehensive system of early childhood services and supports.

(5) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

388.1632c Grants for community-based collaborative prevention services; distribution of funds through joint request for proposals process; requirements; agreement; report.

Sec. 32c. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed \$2,125,000.00 for 2007-2008 to the department for grants for community-based collaborative prevention services designed to foster positive parenting skills; improve parent/child interaction, especially for children 0-3 years of age; promote access to needed community services; increase local capacity to serve families at risk; improve school readiness; and support healthy family environments that discourage alcohol, tobacco, and other drug use. The allocation under this section is to fund secondary prevention programs as defined by the children's trust fund for the prevention of child abuse and neglect.

(2) The funds allocated under subsection (1) shall be distributed through a joint request for proposals process established by the department in conjunction with the children's trust fund and the interagency director's workgroup. Projects funded with grants awarded under this section shall meet all of the following:

(a) Be secondary prevention initiatives and voluntary to consumers. This appropriation is not intended to serve the needs of children for whom and families in which neglect or abuse has been substantiated.

(b) Demonstrate that the planned services are part of a community's integrated comprehensive family support strategy endorsed by the community collaborative.

(c) Provide a 25% local match, of which not more than 10% may be in-kind services, unless this requirement is waived by the interagency director's workgroup.

(3) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

(4) Not later than January 30 of the next fiscal year, the department shall prepare and submit to the governor and the legislature an annual report of outcomes achieved by the providers of the community-based collaborative prevention services funded under this section for a fiscal year.

388.1632d School readiness or preschool and parenting program grants; evaluation; contract; report; "employment status" defined.

Sec. 32d. (1) From the state school aid fund money appropriated under section 11, there is allocated an amount not to exceed \$80,900,000.00 for 2007-2008 for school readiness or preschool and parenting program grants to enable eligible districts, as determined under section 37, to develop or expand, in conjunction with whatever federal funds may be available, including, but not limited to, federal funds under title I of the elementary and secondary education act of 1965, 20 USC 6301 to 6578, chapter 1 of title I of the Hawkins-Stafford elementary and secondary school improvement amendments of 1988, Public Law 100-297, and the head start act, 42 USC 9831 to 9852, comprehensive compensatory programs designed to do 1 or both of the following:

(a) Improve the readiness and subsequent achievement of educationally disadvantaged children as defined by the department who will be at least 4, but less than 5 years of age, as of December 1 of the school year in which the programs are offered, and who show evidence of 2 or more risk factors as defined in the state board report entitled "children at risk" that was adopted by the state board on April 5, 1988.

(b) Provide preschool and parenting education programs similar to those under former section 32b as in effect for 2001-2002. Beginning in 2007-2008, funds spent by a district for programs described in this subdivision shall not exceed the lesser of the amount spent by the district under this subdivision for 2006-2007 or the amount spent under this subdivision in any subsequent fiscal year.

(2) A comprehensive free compensatory program funded under this section shall include an age-appropriate educational curriculum, as described in the early childhood standards of quality for prekindergarten children adopted by the state board, that prepares children for success in school, including language, early literacy, and early mathematics. In addition, the comprehensive program shall include nutritional services, health screening for participating children, a plan for parent and legal guardian involvement, and provision of referral services for families eligible for community social services.

(3) In addition to the allocation under subsection (1), from the general fund money appropriated under section 11, there is allocated an amount not to exceed \$279,100.00 for 2007-2008 for a competitive grant to

continue a longitudinal evaluation of children who have participated in the Michigan school readiness program.

(4) A district receiving a grant under this section may contract with for-profit or nonprofit preschool center providers that meet all provisions of the early childhood standards of quality for prekindergarten children adopted by the state board for the provision of the comprehensive compensatory program and retain for administrative services an amount equal to not more than 5% of the grant amount. A district may expend not more than 10% of the total grant amount for administration of the program.

(5) A grant recipient receiving funds under this section shall report to the department on the midyear report the number of children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g) and the total number of children participating in the program. For children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g), grant recipients shall also report whether or not a parent is available to provide care based on employment status. For the purposes of this subsection, "employment status" shall be defined by the department of human services in a manner consistent with maximizing the amount of spending that may be claimed for temporary assistance for needy families maintenance of effort purposes.

388.1632j Programs for parents with preschool children.

Sec. 32j. (1) From the appropriations in section 11, there is allocated an amount not to exceed \$5,000,000.00 for 2007-2008 for great parents, great start grants to intermediate districts to provide programs for parents with preschool children. The purpose of these programs is to encourage early mathematics and

reading literacy, improve school readiness, reduce the need for special education services, and foster the maintenance of stable families by encouraging positive parenting skills.

(2) To qualify for funding under this section, a program shall provide services to all families with children age 5 or younger residing within the intermediate district who choose to participate, including at least all of the following services:

(a) Providing parents with information on child development from birth to age 5.

(b) Providing parents with methods to enhance parent-child interaction that promote social and emotional development for infants and toddlers and age-appropriate language, mathematics, and early reading skills; including, but not limited to, encouraging parents to read to their preschool children at least 1/2 hour per day.

(c) Providing parents with examples of learning opportunities to promote intellectual, physical, and social growth of preschoolers, including the acquisition of age-appropriate language, mathematics, and early reading skills.

(d) Promoting access to needed community services through a community-school-home partnership.

(3) To receive a grant under this section, an intermediate district shall submit a plan to the department not later than October 1, 2007 in the form and manner prescribed by the department. The plan shall do all of the following in a manner prescribed by the department:

(a) Provide a plan for the delivery of the program components described in subsection (2) that provides for educators trained in child development to help parents understand their role in their child's developmental process, thereby promoting school readiness and mitigating the need for special education services.

(b) Demonstrate an adequate collaboration of local entities involved in providing programs and services for preschool children and their parents.

(c) Provide a projected budget for the program to be funded. The intermediate district shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(4) Each intermediate district receiving a grant under this section shall agree to include a data collection system approved by the department. The data collection system shall provide a report by October 15 of each year on the number of children in families with income below 200% of the federal poverty level that received services under this program and the total number of children who received services under this program.

(5) The department or superintendent, as applicable, shall do all of the following:

(a) The superintendent shall approve or disapprove the plans and notify the intermediate district of that decision not later than November 15, 2007. The amount allocated to each intermediate district shall be at least an amount equal to 100% of the intermediate district's 2006-2007 payment under this section.

(b) The department shall ensure that all programs funded under this section utilize the most current validated research-based methods and curriculum for providing the program components described in subsection (2).

(c) The department shall submit a report to the state budget director and the senate and house fiscal agencies summarizing the data collection reports described in subsection (4) by December 1 of each year.

(6) An intermediate district receiving funds under this section shall use the funds only for the program funded under this section. An intermediate district receiving funds under this section may carry over any unexpended funds received under this section into the next fiscal year and may expend those unused funds in the next fiscal year. A recipient of a grant shall return any unexpended grant funds to the department in the manner prescribed by the department not later than September 30 of the next fiscal year after the fiscal year in which the funds are received.

(1) In accordance with section 30 of article I of the state constitution of 1963, total state spending in this amendatory act from state sources for fiscal year 2006-2007 is estimated at \$11,682,508,200.00 and state appropriations to be paid to local units of government for fiscal year 2006-2007 are estimated at \$11,536,597,200.00.

(2) In accordance with section 30 of article I of the state constitution of 1963, total state spending from state sources for fiscal year

2005-2006 in this amendatory act and 2005 PA 155 is estimated at \$11,308,027,200.00 and state appropriations to be paid to local units of government for fiscal year 2004-2005 are estimated at \$11,285,376,300.00."

Enacting section 1 of Act 137 of 2007 provides:

"Enacting section 1. In accordance with section 30 of article I of the state constitution of 1963, total state spending in this amendatory act from state sources for fiscal year 2007-2008 is estimated at \$11,527,973,800.00 and state appropriations to be paid to local units of government for fiscal year 2007-2008 are estimated at \$11,458,493,300.00."

388.1632/ Competitive school readiness program grants.

Sec. 321. (1) From the general fund money appropriated in section 11, there is allocated for 2007-2008 an amount not to exceed \$12,650,000.00 for competitive school readiness program grants for the purposes of preparing children for success in school, including language, early literacy, and early mathematics. These grants shall be made available through a competitive application process as follows:

(a) Any public or private nonprofit legal entity or agency may apply for a grant under this section. However, a district or intermediate district may not apply for a grant under this section unless the district or intermediate district is acting as a fiscal agent for a child caring organization regulated under 1973 PA 116, MCL 722.111 to 722.128.

(b) An applicant shall submit an application in the form and manner prescribed by the department.

(c) The department shall establish a diverse interagency committee to review the applications. The committee shall be composed of representatives of the department, appropriate community, volunteer, and social service agencies and organizations, and parents.

(d) The superintendent shall award the grants and shall give priority for awarding the grants based upon the following criteria:

(i) Compliance with the state board-approved early childhood standards of quality for prekindergarten.

(ii) Active and continuous involvement of the parents or guardians of the children participating in the program.

(iii) Employment of teachers possessing proper training, including a valid Michigan teaching certificate with an early childhood (ZA) endorsement, a valid Michigan teaching certificate with a child development associate credential (CDA), or a bachelor's degree in child development with a specialization in preschool teaching. However, both of the following apply to this subparagraph:

(A) If an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the superintendent may still give priority to the applicant if the applicant will employ teachers who have significant but incomplete training in early childhood education or child development if the applicant provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 4 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses per calendar year.

(B) For a subcontracted program, the department shall consider a teacher with 90 credit hours and at least 4 years' teaching experience in a qualified preschool program to meet the requirements under this subparagraph.

(iv) Employment of paraprofessionals possessing proper training in early childhood development, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential, or the equivalent, as approved by the state board. If an applicant demonstrates to the department that it is unable to fully comply with this subparagraph, after making reasonable efforts to comply, the superintendent of public instruction may still give priority to an applicant if the applicant will employ paraprofessionals who have completed at least 1 course in early childhood education or child development if the applicant provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses or 60 clock hours of training per calendar year.

(v) Evidence of collaboration with the community of child development programs, including, but not limited to, Michigan school readiness and head start providers, including documentation of the total number of children in the community who would meet the criteria established in subparagraph (vii), and who are being served by other providers, and the number of children who will remain unserved by other community early childhood programs if this program is funded.

- (vi) The extent to which these funds will supplement other federal, state, local, or private funds.
- (vii) The extent to which these funds will be targeted to children who will be at least 4, but less than 5, years of age as of December 1 of the year in which the programs are offered and who show evidence of 2 or more "at-risk" factors as defined in the state board report entitled "children at risk" that was adopted by the state board on April 5, 1988.
- (viii) The program offers supplementary day care and thereby offers full-day programs as part of its early childhood development program.
- (ix) The application contains a plan approved by the department to conduct and report annual school readiness program evaluations and continuous improvement plans using criteria approved by the department. At a minimum, the evaluations shall include a self-assessment of program quality and assessment of the gains in educational readiness and progress of the children participating in the program.
- (e) An application shall demonstrate that the program has established or has joined a multidistrict, multiagency school readiness advisory committee that is involved in the planning and evaluation of the program and that provides for the involvement of parents and appropriate community, volunteer, and social service agencies and organizations. The advisory committee shall include at least 1 parent or guardian of a program participant for every 18 children enrolled in the program, with a minimum of 2 parent or guardian representatives. The advisory committee shall do all of the following:
 - (i) Review the mechanisms and criteria used to determine referrals for participation in the school readiness program.
 - (ii) Review the health screening program for all participants.
 - (iii) Review the nutritional services provided to all participants.
 - (iv) Review the mechanisms in place for the referral of families to community social service agencies, as appropriate.
 - (v) Review the collaboration with and the involvement of appropriate community, volunteer, and social service agencies and organizations in addressing all aspects of education disadvantage.
 - (vi) Review, evaluate, and make recommendations for changes in the school readiness program.
 - (vii) Review the agency's participation in a collaborative recruitment and enrollment process with, at a minimum, all other funded preschool programs that may serve children in the same geographic area, including school district part-day programs described under section 32d and head start programs, to assure that each child is enrolled in the program most appropriate to his or her needs and to maximize the use of federal, state, and local funds. The collaborative recruitment and enrollment process should be established to reflect the geographic service areas of the collaborative partners.
- (2) To be eligible for a grant under this section, a program shall demonstrate that more than 50% of the children participating in the program live with families with a household income that is less than or equal to 250% of the federal poverty level.
- (3) The superintendent may award grants under this section at whatever level the superintendent determines appropriate. However, the amount of a grant under this section, when combined with other sources of state revenue for this program, shall not exceed \$3,400.00 per participating child or the cost of the program, whichever is less.
- (4) For a grant recipient that enrolls pupils in a full-day program funded under this section, each child enrolled in the full-day program shall be counted as 2 children served by the program for purposes of determining the number of children to be served and for determining the amount of the grant award. A grant award shall not be increased solely on the basis of providing a full-day program. As used in this subsection, "full-day program" means a program that operates for at least the same length of day as a district's first grade program for a minimum of 4 days per week, 30 weeks per year. A classroom that offers a full-day program must enroll all children for the full day to be considered a full-day program.
- (5) Except as otherwise provided in this subsection, an applicant that received a new grant under this section for 2006-2007 shall also receive priority for funding under this section for 2007-2008 and 2008-2009. However, after 3 fiscal years of continuous funding, an applicant is required to compete openly with new programs and other programs completing their third year. All grant awards under this section are contingent on the availability of funds and documented evidence of grantee compliance with early childhood standards of quality for prekindergarten, as approved by the state board, and with all operational, fiscal, administrative, and other program requirements.
- (6) Notwithstanding section 17b, payments to eligible entities under this section shall be paid on a schedule and in a manner determined by the department.

388.1632n Statewide before- or after-school program for children and youth.

Sec. 32n. (1) From the funds appropriated in section 11, there is allocated an amount not to exceed \$0.00 for a statewide before- or after-school program for children and youth. Before-school programs are limited to school-aged children. This allocation will be distributed through grants to counties based upon demonstrated need. A single county shall not receive any more than 20% of the total allocation. The department shall give priority for distribution of this funding to programs that have secured additional governmental and nongovernmental matching funds.

(2) The department shall share the administrative duties of operating this program with the department of human services, department of community health, department of history, arts, and libraries, and department of labor and economic growth.

(3) Funding priority in subsection (1) shall be reserved for programs that use a curriculum focused upon improving academic performance and healthy behavior, including abstinence from abuse of alcohol and illegal drugs.

388.1637 Eligibility of district for allocation under MCL 388.1632d; preapplication; final application; consortium; submission of resolution showing certain risk factors.

Sec. 37. (1) A district is eligible for an allocation under section 32d if the district meets all of the requirements in subsections (2), (3), and (4).

(2) The district shall submit a preapplication, in a manner and on forms prescribed by the department, by a date specified by the department in the immediately preceding state fiscal year. The preapplication shall include a comprehensive needs assessment and community collaboration plan that includes, but is not limited to, Michigan school readiness and head start providers, and shall identify all of the following:

(a) The estimated total number of children in the community who meet the criteria of section 32d and how that calculation was made.

(b) The estimated number of children in the community who meet the criteria of section 32d and are being served by other early childhood development programs operating in the community, and how that calculation was made.

(c) The number of children the district will be able to serve who meet the criteria of section 32d including a verification of physical facility and staff resources capacity.

(d) The estimated number of children who meet the criteria of section 32d who will remain unserved after the district and community early childhood programs have met their funded enrollments. The school district shall maintain a waiting list of identified unserved eligible children who would be served when openings are available.

(3) The district shall submit a final application for approval, in a manner and on forms prescribed by the department, by a date specified by the department. The final application shall indicate all of the following that apply:

(a) The district complies with the state board approved early childhood standards of quality for prekindergarten.

(b) The district provides for the active and continuous participation of parents or guardians of the children in the program, and describes the district's participation plan as part of the application.

(c) The district only employs for this program the following:

(i) Teachers possessing proper training. For programs the district manages itself, a valid teaching certificate and an early childhood (ZA) endorsement are required. This provision does not apply to a district that subcontracts with an eligible child development program. In that situation a teacher must have a valid Michigan teaching certificate with an early childhood (ZA) endorsement, a valid Michigan teaching certificate with a child development associate credential, or a bachelor's degree in child development with specialization in preschool teaching. However, both of the following apply to this subparagraph:

(A) If a district demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, teachers who have significant but incomplete training in early childhood education or child development may be employed by the district if the district provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 4 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses per calendar year.

(B) For a subcontracted program, the department shall consider a teacher with 90 credit hours and at least 4 years' teaching experience in a qualified preschool program to meet the requirements under this subparagraph.

(ii) Paraprofessionals possessing proper training in early childhood development, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential, or the equivalent as approved by the state board. However, if a district demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the district may employ paraprofessionals who have completed at least 1 course in early childhood education or child development if the district provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses or 60 clock hours of training per calendar year.

(d) The district has submitted for approval a program budget that includes only those costs not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the early childhood readiness program, and that would not be incurred if the program were not being offered. If children other than those determined to be educationally disadvantaged participate in the program, state reimbursement under section 32d shall be limited to the portion of approved costs attributable to educationally disadvantaged children.

(e) The district has established a, or has joined a multidistrict, multiagency, school readiness advisory committee consisting of, at a minimum, classroom teachers for prekindergarten, kindergarten, and first grade; parents or guardians of program participants; representatives from appropriate community agencies and organizations; the district curriculum director or equivalent administrator; and, if feasible, a school psychologist, school social worker, or school counselor. In addition, there shall be on the committee at least 1 parent or guardian of a program participant for every 18 children enrolled in the program, with a minimum of 2 parent or guardian representatives. The committee shall do all of the following:

(i) Ensure the ongoing articulation of the early childhood, kindergarten, and first grade programs offered by the district or districts.

(ii) Review the mechanisms and criteria used to determine participation in the early childhood program.
(iii) Review the health screening program for all participants.
(iv) Review the nutritional services provided to program participants.
(v) Review the mechanisms in place for the referral of families to community social service agencies, as appropriate.

(vi) Review the collaboration with and the involvement of appropriate community, volunteer, and social service agencies and organizations in addressing all aspects of educational disadvantage. The district must participate in a collaborative recruitment and enrollment process with, at a minimum, all other funded preschool programs that may serve children in the same geographic area, including the competitive programs described under section 32 and head start programs, to assure that each child is enrolled in the program most appropriate to his or her needs and to maximize the use of federal, state, and local funds. The collaborative recruitment and enrollment process should be established to reflect the geographic service areas of the collaborative partners.

(vii) Review, evaluate, and make recommendations to a local school readiness program or programs for changes to the school readiness program.

(f) The district has submitted for departmental approval a plan to conduct and report annual school readiness program evaluations and continuous improvement plans using criteria approved by the department. At a minimum, the evaluations shall include a self-assessment of program quality and assessment of the gains in educational readiness and progress of the children participating in the program.

(g) More than 50% of the children participating in the program live with families with a household income that is equal to or less than 250% of the federal poverty level.

(4) A consortium of 2 or more districts shall be eligible for an allocation under section 32d if the districts designate a single fiscal agent for the allocation. A district or intermediate district may administer a consortium described in this subsection. A consortium shall submit a single preapplication and application for the children to be served, regardless of the number of districts participating in the consortium.

(5) With the final application, an applicant district shall submit to the department a resolution adopted by its board certifying the number of 4-year-old children who show evidence of risk factors as described in section 32d who live with families with a household income that is less than or equal to 250% of the federal poverty level.

388.1639 Tentative allocation to eligible district under MCL 388.1632d; priority in funding; contingency; supplementary day care; district with 315 or more eligible pupils; additional eligible children; full-day program; definition.

Sec. 39. (1) The tentative allocation for each fiscal year to each eligible district under section 32d shall be determined by multiplying the number of children determined in section 38 or the number of children the district indicates it will be able to serve under section 37(2)(c), whichever is less, by \$3,400.00 and shall be distributed among districts in decreasing order of concentration of eligible children as determined by section 38 until the money allocated in section 32d is distributed. If the number of children a district indicates it will be able to serve under section 37(2)(c) includes children able to be served in a full-day program, then the number able to be served in a full-day program shall be doubled for the purposes of making this calculation of the lesser of the number of children determined in section 38 and the number of children the district indicates it will be able to serve under section 37(2)(c) and determining the amount of the tentative allocation to the district under section 32d.

(2) A district that received funds under this section in at least 1 of the 2 immediately preceding fiscal years shall receive priority in funding over other eligible districts. However, funding beyond 3 state fiscal years is contingent upon the availability of funds and documented evidence satisfactory to the department of compliance with all operational, fiscal, administrative, and other program requirements.

(3) A district that offers supplementary day care funded by funds other than those received under this section and therefore offers full-day programs as part of its early childhood development program shall receive priority in the allocation of funds under this section over other eligible districts other than those districts funded under subsection (2).

(4) For any district with 315 or more eligible pupils, the number of eligible pupils shall be 65% of the number calculated under section 38. However, none of these districts may have less than 315 pupils for purposes of calculating the tentative allocation under section 32d.

(5) If, taking into account the total amount to be allocated to the district as calculated under this section, a district determines that it is able to include additional eligible children in the school readiness program without additional funds under this section, the district may include additional eligible children but shall not receive additional funding under this section for those children.

(6) For a district that enrolls pupils in a full-day program under section 32d, each child enrolled in the full-day program shall be counted as 2 children served by the program for purposes of determining the number of children to be served and for determining the allocation under section 32d. A district's allocation shall not be increased solely on the basis of providing a full-day program.

(7) As used in this section, "full-day program" means a program that operates for at least the same length of day as the district's first grade program for a minimum of 4 days per week, 30 weeks per year. A classroom that offers a full-day program must enroll all children for the full day to be considered a full-day program.

(l) An amount estimated at \$2,849,000.00 for the purpose of implementing innovative strategies for improving student achievement, funded from DED-OESE, title VI, innovative strategies funds.

(m) An amount estimated at \$29,911,800.00 for the purpose of providing high-quality extended learning opportunities, after school and during the summer, for children in low-performing schools, funded from DED-OESE, twenty-first century community learning center funds. Of these funds, \$50,000.00 may be used to support the Michigan after-school partnership. All of the following apply to the Michigan after-school partnership:

(i) The department shall collaborate with the department of human services to extend the duration of the Michigan after-school initiative, to be renamed the Michigan after-school partnership and oversee its efforts to implement the policy recommendations and strategic next steps identified in the Michigan after-school initiative's report of December 15, 2003.

(ii) Funds shall be used to leverage other private and public funding to engage the public and private sectors in building and sustaining high-quality out-of-school-time programs and resources. The co-chairs, representing the department and the department of human services, shall name a fiduciary agent and may authorize the fiduciary to expend funds and hire people to accomplish the work of the Michigan after-school

partnership.

(iii) Participation in the Michigan after-school partnership shall be expanded beyond the membership of the initial Michigan after-school initiative to increase the representation of parents, youth, foundations, employers, and others with experience in education, child care, after-school and youth development services, and crime and violence prevention, and to include representation from the Michigan department of community health. Each year, on or before December 31, the Michigan after-school partnership shall report its progress in reaching the recommendations set forth in the Michigan after-school initiative's report to the legislature and the governor.

(2) From the federal funds appropriated in section 11, there is allocated for 2007-2008 to districts, intermediate districts, and other eligible entities all available federal funding, estimated at \$32,411,000.00, for the following programs that are funded by federal grants:

(a) An amount estimated at \$600,000.00 for acquired immunodeficiency syndrome education grants, funded from HHS-center for disease control, AIDS funding.

(d) An amount estimated at \$1,445,600.00 for serve America grants, funded from the corporation for national and community service funds.

(e) An amount estimated at \$28,500,000.00 for providing career and technical education services to pupils, funded from DED-OVAE, basic grants to states.

(3) To the extent allowed under federal law, the funds allocated under subsection (1)(h), (i), and (k) may be used for 1 or more reading improvement programs that meet at least 1 of the following:

(a) A research-based, validated, structured reading program that aligns learning resources to state standards and includes continuous assessment of pupils and individualized education plans for pupils.

(b) A mentoring program that is a research-based, validated program or a statewide 1-to-1 mentoring program and is designed to enhance the independence and life quality of pupils who are mentally impaired by providing opportunities for mentoring and integrated employment.

(c) A cognitive development program that is a research-based, validated educational service program focused on assessing and building essential cognitive and perceptual learning abilities to strengthen pupil concentration and learning.

(d) A structured mentoring-tutorial reading program for pupils in preschool to grade 4 that is a research-based, validated program that develops individualized educational plans based on each pupil's age, assessed needs, reading level, interests, and learning style.

(4) All federal funds allocated under this section shall be distributed in accordance with federal law and with flexibility provisions outlined in Public Law 107-116, and in the education flexibility partnership act of 1999, Public Law 106-25. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(5) As used in this section:
